VITAL STATISTICS FOR THE YEAR 1974

#### MEET YOUR SELECTMEN

John W. Sargent, George I. Wiggins and Ernest L. Cutting, II

## A MESSAGE FROM YOUR SELECTMEN

1974-1975 — The end and the beginning — environment, land fill, open space, dumps, to burn or not to burn — incinerators? High interest rates, inflation, depression, sewers, water project, population growth, school, taxes, Flood Plain Act, welfare, zoning, no, yes? Fringe benefits, you're damned if you do and you're damned if you don't. And still the list grows and staggers the imagination. Your Selectmen to the best of their ability stand at the helm to guide the town through the stormy seas of government, living and survival. We are no longer a small town but a very large business and from our vantage point requires serious thinking as to its future course. The sewer project will be complete by the end of 1975. About half the homes and businesses remain to be hooked up. The plant is in operation with only a few work order changes to be completed. When these are done to the satisfaction of the Selectmen, the plant at that time will be turned over to the town.

As to the population growth of the town, with its new high school and the room that is now available in the old school building, we can look forward without apprehension to new families moving within our boundaries. "Proud" is the word to use as we reflect back on the decision of the community when it chose to stand alone. The problems are ours, not divided among others.

After reviewing the data prepared by the Federal Government to calculate our general revenue sharing allocation, it was our belief there were serious errors in this data and requested a review, submitting documentation to support our claim. These errors were corrected, and as a result, the Town of Sunapee will receive over \$8,000 more per year in Revenue Sharing Funds.

This brings us to the next town required project — the dump and no burning permitted after July, 1975. We are asking for an extension on this mat-

ter as the Town of Sunapee has no land fill areas and may have to join an adjoining town. The other alternative is an incinerating unit. Both of these solutions are very costly. We are working with the Upper Valley-Lake Sunapee Council which has been doing a great deal of research on this. We hope by the end of 1975 to have an answer. The Revenue Sharing Funds are being held in escrow for this purpose.

Zoning still remains a question as it was voted down again by a small margin at the Fall Biennial Election. Shortly after, we received notice of another government requirement — The Flood Plain Act. In Sunapee this flood plain is located all along the Sugar River beginning at the harbor. It involves homes and businesses along this area and concerns their future mortgages, building loans and insurance. This matter is covered in detail by the Planning Board Report.

The Water Department also has its growing pains. Along with new lines its biggest project has been the new water tank. In addition to this new water capacity are benefits in the form of fire insurance. This also is explained in greater detail in the Fire Department Report.

1974 has been a busy year and 1975 promises to be more so, along with conveniences and inconveniences, but hopefully progress.

We wish to thank everyone for their general understanding during these trying times. We welcome those who have joined us and a fond farewell to those who have left us.

Our sincere thanks to everyone.

Respectfully submitted,  
JOHN W. SARGENT  
GEORGE I. WIGGINS  
ERNEST L. CUTTING, II

### **YOUR REPRESENTATIVE REPORTS**

After managing a very busy election campaign for the governor I have had a chance to look over the purposed bills in the legislature that affect our area. It is a very busy job that requires a lot of investigation in order to understand what the bills refer to.

I am on the same two committees — Constitutional Revisions and Claims, Military and Veterans Affairs. Most of the bills presented so far had their chance in the Constitutional Convention and will be nothing but a rehash of testimony heard before.

Being a member of the leadership team I have a meeting every Tuesday morning to go over upcoming bills for the week. This alerts me to what bills affect our area.

The makeup of the House has undergone extensive changes with a lot of younger people eager to create changes whether good or bad, but most will listen to reason.

The state will be limited in expenditures this biennium but most department heads are very unrealistic in their requests. Considering our neighboring states and their fiscal irresponsibility our state is in excellent financial condition.

I look forward to a very busy and active time in the next four months and enjoy serving our two towns.

Your representative,  
GEORGE I. WIGGINS

# TOWN WARRANT

ARTICLE 37. To see if the Town will vote to adopt the provisions of Chapter Sixty (60) to authorize absentee balloting for the election of Town Officials.

ARTICLE 38. To see if the Town will vote to raise and appropriate \$400.00 to be added to the unexpended balance of \$1,600.00 raised at the 1973 Town Meeting for a graveled road in the Old Eastman Cemetery and go as far as the money allows in the New Eastman Cemetery, and pass any vote relating thereto.

ARTICLE 39. To see if the voters will authorize the Selectmen to negotiate with the Town of Newport to use their landfill site for the disposal of refuse from the Town of Sunapee for a one year trial period, or to arrange for whatever facilities they can in order to meet the air pollution commissions statutes or regulations, and to withdraw from the Revenue Sharing Funds the money necessary to meet this expense.

If the Selectmen cannot make arrangements they deem feasible, they will then make application for relief through any legislation presently being considered by the Legislature that may become law.

ARTICLE 40. RESOLUTION APPROVING APPLICATION OF THE PROVISION OF CHAPTER 204-A OF THE NEW HAMPSHIRE REVISED STATUTES ANNOTATED AND THE PROVISION OF SECTION 8 OF THE U. S. HOUSING ACT OF 1937, AS AMENDED

WHEREAS, that there continues to exist within the state a serious shortage of safe and sanitary dwelling accommodations at rents which elderly and low income persons can afford, and that such persons are forced to occupy substandard dwelling accommodations; and

WHEREAS, the General Court of the State of New Hampshire has enacted Chapter 204-A of the New Hampshire Revised Statutes Annotated establishing the New Hampshire Housing Commission; and

WHEREAS, Section 9 of that Act provides that in a municipality where there is no local housing authority operating, the Commission shall not operate without the consent of the governing body of a municipality; and

WHEREAS, said Section 9 provides that consent of the governing body must be given for each project; and

WHEREAS, under the provisions of Section 8 of the U. S. Housing Act of 1937, as amended, the United States of America, acting through the Secretary of Housing and Urban Development, is authorized to enter into annual contributions contracts with public housing agencies pursuant to which such agencies may enter into contracts to make assistance payments to owners:

NOW, THEREFORE, be it resolved by the Town Meeting of the Town of Sunapee, Sullivan County, N. H. as follows:

That the New Hampshire Housing Commission be and is authorized to operate in the Town of Sunapee, Sullivan County, New Hampshire.

That said New Hampshire Housing Commission is authorized to sponsor a project, under Section 8 of the U. S. Housing Act of 1937, as amended, for any of the following dwelling accommodations or a combination thereof: a) existing standard housing; (b) rehabilitated housing; (c) newly constructed housing; the total amount of the foregoing not to exceed Fifty dwelling units.

ARTICLE 41. To see if the Town will vote to authorize the withdrawal from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972 for use as set-offs against budgeted appropriations, and pass any vote relating thereto.

*Given under our hands and seal, this seventh day of February, in the year of our Lord nineteen hundred and seventy-five.*

**THE POLLS WILL BE OPEN FROM 9:00 A.M. to 7:00P.M.**

## REPORT OF TOWN CLERK

Received from:

1974 Auto Registrations	\$30,092.96
1973 Auto Registrations	591.15
Dog Licenses	779.00
Filing Fees	22.00
TOTAL RECEIVED	\$31,485.11
TOTAL Paid Treasurer	31,485.11

*I hereby certify the above return to be correct to the best of my knowledge and belief.*

JEAN W. PUTONEN,  
*Sunapee Town Clerk*

At this time, all N.H. auto registrations expire on March 31. There are plans underway, statewide, to have expiration fall during the month of the registrant's birthday. This will probably go into effect in 1976. All auto registrations are renewed through the office of the town clerk in the town where the owner resides.

Dogs must be licensed by their owners. No bills are sent to owners and they are responsible for this task. They are due and payable on or before May 1, may be licensed during the month of May and a \$1 fine is imposed after June 1. On July 1, a list of unpaid licenses is given to the dog warden who then has 15 days to either collect the fee or destroy the dog.

An article passed at the 1974 town meeting, by Sunapee voters, makes the owner or keeper of any dog, responsible for him. The dog must be under the owner's control at all times. Any dog picked up is taken to the vet and owner must pay costs plus a fine of \$10.

Carol Andrus (Tel. 763-5137) is the dog warden and information or complaints may be entered with her.

Auto titles, vital statistics and town records are under the care of the town clerk. Our office is generally open six days a week, from 8 am to 5 pm and from 9 am to 5 pm on Saturdays.

JEAN W. PUTONEN,  
*Town Clerk*

## SOME FACTS ABOUT TAXES

The tax year is from April 1 to March 31 of the following year. The owner of record as of April 1 is billed for and responsible for that year's tax. If he has sold during the year, usually a pro-rate share of the tax is paid at the time of the sale, but he is still billed for the tax.

Bills are mailed before November 1. Interest becomes due as of December 1 at 9% to the date paid. The bills also carry a notation regarding the last date of taxes paid before listing for annual tax sale.

Tax sales are held each year. The collector has the prerogative of deciding when the tax sale will be held. Sales may be held anytime from Dec. 1 of the tax year to September 31 of the following year.

The sale is advertised and the bidder at the sale pays the delinquent tax, costs and interest to the date of the sale. The buyer then acquires a lein on the property, but has no other rights at that time.

The taxpayer has two years and one day in which to redeem the property. He pays to the purchaser the amount paid at the sale, costs added after the sale and interest at 11%. The lein on the property is recorder at the Registry of Deeds and no one may acquire a clear title to the land until the redemption has been made.

If the taxpayer fails to redeem his property in the allotted time, the purchaser is then granted a tax collector's deed. Upon recording this deed, he then acts in all ways as the owner of the property.

Sunapee does not have an assessor and the Board of Selectmen act in that capacity. We have had teams from the Department of Revenue do the assessing since they did the full re-evaluation of all properties in 1968.

There are tax cards on file at the town office for each parcel of property in our town. They are open to the public and anyone may come here to discuss his assessment or to compare with someone else's should he want to.

If anyone feels they are not being taxed fairly, they may ask the selectmen for an abatement of their taxes. The selectmen will go over their card and decide. If they decide the tax is fair and equal, they will reject the application and the taxpayer may then file for an abatement with the Board of Appeals in Concord, for which he pays \$10.

The tax rate is arrived at by the selectmen at the Department of Revenue when all assessing is completed and the blotter book has been compiled. The amount which the voters have approved at the town meeting and at school meeting and the amount of the county tax, determines our rate.

The bank stock tax is paid to the town by banks on stocks held by residents of the town. The yield tax is paid by operators who are cutting timber for various reasons. The resident tax is \$10 and is paid by residents of the town. This must be paid before a car is registered or a game license issued.

Sewer charges are interest free if paid before Dec. 1, 1974. After that date, interest is charged at 9%. Charges must be paid on or before May 1, 1975. At that time, any unpaid charges will result in the property of the owner being advertised for tax sale for the payment of the charge.

The sewer bill is treated in every way in the same manner that the property tax bill is treated.

\*These fringe benefits provide the cost for Blue Cross-Blue Shield insurance for the employee only. If the employee wishes to include his or her spouse and family, he or she must pay for this portion of the cost. There were 16 full-time employees covered during 1974. One employee was carried under his wife's plan at her place of employment.

The town carries two policies on each full-time employee with the Davis & Towle Agency. One covers sickness and accident which pays the employee \$200 per month for 1 year in case of sickness and \$200 per month for five years in case of accident. The life insurance policy is for \$2,000. There were 17 employees covered under this program.

### A REPORT FROM YOUR ROAD AGENTS

This year as part of the road maintenance we put crushed and bank run gravel on all town roads where needed at mudtime, replaced culverts on North Road by the Jonas', Stoney Brook Road, Westwood Road, Lower Village by the new school and Garnet Hill Road, and replaced others where needed during the time of sewer construction.

New gutters were put in and hot topped in Lower Village by the new school, on Burkehaven Hill and Boyce corner, and by the new parking lot at the Ben Mere Area.

We did some oiling on Job's Creek Road, Garnet Hill Road, Sargent Road, Dump Road, Pleasant Street Georges Mills, Cooper Street and Lake Avenue, also in Georges Mills.

Shimming was done on Job's Creek Road, Stagecoach Road, Winn Hill Road, Brown hill and Trow Hill, and all roads were cold patched during the summer.

New railings were put in by the Anchorage and Trows' Bridge Lower Village and Railings around parking lots were fixed after construction.

We built a hopper shed and a new salt shed, only 20' by 30' because of the cost of materials.

A new 4000 gallon gasoline tank with a new pump and drain was installed. This extra storage capacity was needed and all municipally owned vehicles are now using this source.

There were major repairs on the grader along with a paint job at a cost of \$8000-plus which will hopefully postpone the purchase of a new grader for a few more years.

We purchased a steam cleaner and air grease gun for the garage and a new snowplow for the 4-wheel drive. Forty rolls of snowfence were bought to replace the worn ones.

There was more graveling on TRA (Town Road Aid) and a new section ready to gravel was rebuilt.

We also repaired the wall at the town dock in Georges Mills.

respectfully submitted,  
**RICHARD C. RUGGLES**  
*Road Agent for Georges Mills and the  
Center of Sunapee*

During the summer of 1974 we put in six culverts — three on Young's Hill Road, including one catch basin and drop inlet, one on the crossroad between Route 103 and Rand's Pond Road, one on the cross road between Route 103 and Bradford Road, and one on the Cemetery Road.

There was shimming done with cold patch on Stagecoach Road, there the ditches were cleaned, the shoulders graded, and a hot top gutter was put in. Cemetery Road, Bradford Road, and the two crossroads that connect Route 103 and Bradford Road were oiled.

The bridge railings on Trask Brook and Bradford Road were painted. In addition to regular road maintenance, we were involved with mowing, cold patching, cutting dead trees and building the new salt shed.

Respectfully submitted,

### REPORT OF THE ABBOTT LIBRARY

For the Year ending Dec. 31, 1974

During the past year the Library has been open

Monday 1-8

Wednesday 1-8

Thursday 10:30-2:30

Friday 1-6

a total of 23 hours per week.

Services currently being furnished by your library:

Story time for pre-school children every Thursday at 10:00 A.M.

Large print books are available.

Copying facilities.

Telephone for renewal of books and for reference questions.

Swap shelf of paper back books.

Pattern exchange for patrons who sew.

talking books and talking book machines for anyone who, for any reason cannot use printed material.

A good collection of new adult fiction and non-fiction which includes most of the current best sellers.

The Children's Room and the Meeting Room have been painted this year. The children's book collection has been greatly expanded including fifty "I-can-read" books purchased by the Friends of the Library. The Friends also sponsored two performances of an outdoor theatre program by the "Little Red Wagon" from the Arts Center at the University at Durham.

The Meeting Room has been used for meetings of the Woman's Club, The Historical Society, the Friends of the Library and the Town Clerks Association regional Annual Meeting.

I wish to express my appreciation to the Board of Trustees for all the assistance they have given me.

### SUNAPEE CONSERVATION COMMISSION Annual Report 1974

The most far reaching accomplishment of the Sunapee Conservation Commission in 1974 was the completion of arrangements with Sullivan County Soil Conservation District to have soils maps prepared for the town. The field work was completed in October and plans now call for the completed maps to be delivered in May. These maps will be very useful to town officials and the general public. To help defray the costs of these maps, the commission applied for and received a \$750 grant from the Ford Foundation.

Coffin Park was surveyed, maps prepared and boundaries marked. This is part of the Commissions plan to survey all town properties and note the restrictions in the deeds with respect to public use. A map file was purchased for storage purposes and is located in the town office.

Ten acres of Dewey Woods and a similar acreage of the Ledge Pond lot received a weeding and thinning with the financial assistance of the Agricultural Stabilization Committee of the County. The work was done by Clifford Ricker, Newport, a forester.

Because of the fuel shortage and interest on the part of Sunapee residents to cut their own firewood, between five and six acres of Dewey Woods was marked by the assistant county forester for cutting. Since the woods received a weeding and thinning at the same time, the results have been quite satisfactory.

In the matter of water pollution, the commission has taken an active interest in dredge and fill matters, keeping a file of applications and cooperating with the Special Board at Concord on occasion.

The understanding and support of the Commissions activities by town officials and the public has been appreciated.

*Stanley W. Colby, Chairman*

AT this time I would like to thank Mr. Philip Johnson, Sr., and Mr. Richard Kelly for their services the past three years. Two new members have been appointed by the Selectmen being Dr. Richard Morrow and Richard Morse.

## AMBULANCE SERVICE

The Newport Ambulance Service answered 488 calls during 1974.

The Ambulance Service, the vehicles, and the crew members are all licensed with the state and meet all requirements above regulations. Over 90 percent of the members are now licensed "Emergency Medical Technicians." This represents a great many hours of training for each member.

Coverage to the area towns has continued this year. Each town that we have covered with service has helped to support the Ambulance Service with tax assistance based on population, at \$2.00 per head. The Ambulance Service hopes to continue service to all communities in our area again in 1975.

The Ambulance Service has also responded to all major fires, in all communities. This is added protection of life and limb to all concerned.

The Newport Police Department has continued to serve as our dispatcher and has proven very valuable to our service and response time. Our telephone number for emergencies is 863-2355.

The crew consists of: Royal Wallace, Director; Keith Gregory, Vehicle Chief; Beatrice Delorier, Supply Chief; Tom Clough, Orren Barton, Albert Gobin, Paul Duling, Mike Patten, Walt Patten, Gordon Blood, Babe Frye, Terry Frye, Sandra Wallace, Robert Billings, Robbie Parker; Police Dispatchers: Verna Connor, Margaret Currier, Terry Stone, Patty Fellows, and Phyllis MacWilliams.

**ENGINEERS REPORT  
Sunapee Fire Department**

From December 1, 1973 to November 30, 1974 the Fire Department answered a total of 39 alarms of which 19 called out the entire Department.

The Board of Selectmen received the following letter from the Insurance Services Office (formerly the Board of Fire Underwriters):

Board of Selectmen  
Town of Sunapee  
Sunapee, New Hampshire 03782

**Town of Sunapee, N.H.  
Municipal Survey**

Gentlemen:

Our New England Regional Engineering Services Department has recently completed an analysis of the fire defenses of the Town of Sunapee. Application of the I.S.O. Municipal Grading Schedule has resulted in Sunapee being advanced from Class 7-C to Class 6-C, including Georges Mills which was formerly graded Class 8.

The change, effective 5-1-74, is indicative of improved fire protection facilities in the town and will result in reduced fire insurance rates for most specifically rated commercial and industrial properties in the protected area within 600 feet of a hydrant.

Furthermore, the new grading will enable dwellings in this area to retain their existing Class C rate levels, continuation of which was contingent on implementation of our previously recommended improvement program. Dwelling property in Georges Mills under hydrant protection and/or within three miles of the fire station will receive reductions to reflect the placement of recognized fire apparatus there.

We commend the Town of Sunapee on achieving Class 6 status and wish to express appreciation to the Town officials for their cooperation with our representative during his conduct of the survey. We will proceed toward early implementation of appropriate fire insurance re-classifications.

Very truly yours,

INSURANCE SERVICES OFFICE

Stuart B. Holbrook, Jr.

Supervisor

Pricing Services

Our proposed budget for 1975 shows an increase of \$1795.00 over that of 1974. One thousand dollars of this increase is budgeted for the connection of the sewer system at the Sunapee Station and for the connecting of full year water at the Georges Mills Station when that system is extended.

*Respectfully,*

DAVID W. SHERBURNE, *Chief*

HENRY W. TROW, *Deputy Chief*

CLAUDE E. GARDNER, *Deputy Chief*

GUY E. ALEXANDER, *Deputy Chief*

**REPORT TO TOWNS**

All open burning when the ground is not covered by snow is controlled by the Town Forest Fire Warden in cooperation with the New Hampshire Forest Fire Service. Anyone wishing to kindle a fire out-of-doors when the ground is not covered with snow must have a written permit signed by the Town Forest Fire Warden. If the fire is to be kindled on land not owned by the person kindling the fire then he must have the permission of the land owner. No outdoor fires can be kindled between 9 A.M. and 5 P.M. unless it is raining, without the additional approval of the District Forest Fire Chief.

The 1974 forest fire season was one of the worst in the past two decades. Woodlands in central and southern New Hampshire become so dry in mid-August that the Governor and Council, upon recommendation of the State Forester, enacted a partial woodlands closure in Sullivan, Cheshire, Hillsborough, Merrimack and Belknap Counties and a complete woodlands closure in Strafford and Rockingham Counties plus the Towns of Barnstead, Gilmanton and Alton in Belknap County. Through the excellent cooperation of the citizens of our State no major forest fire occurred at any time during the year.

**1974 Forest Fire Statistics**

## **WATER AND SEWER COMMISSION ANNUAL REPORT 1974**

During the past year the commission met regularly on the last Thursday of each month at the town office at 7:30 P.M. Customarily the first hour of each meeting is open to the public. Several special meetings were also held concerned with various aspects of the Water-Sewer Department work.

The Commission worked cooperatively with the Selectmen in finalizing installation of the water and sewer construction and filtration plant completion.

The sewer system was ready for use during May 1974 and tie-ins were installed by users. This work was inspected at time of work by the Superintendent and members of the staff. By December 1974, 120 residential and 10 commercial tie-ins had been completed. Hook-ups are continuing to be installed and it is planned that all be completed by April 30th, 1975.

An area around the new and old reservoir was regraded and reinforced with cement siding to prevent erosion and possible deterioration of the existing facilities.

Respectfully submitted,  
JOHN McGRATH, *Secretary*

### **PLANNING BOARD REPORT**

Public meetings of the Planning Board were held on the third Tuesday of each month during the year. The board took under advisement 27 subdivisions; and approved forty lots during 1974.

In addition to the regular meetings, the Planning Board brought before the voters of the town a simplified zoning ordinance. Again, this was defeated. This fact has now been complicated by a Flood Disaster Protection Act of 1973 which is being implemented by the Department of Housing and Urban Development. The clarification letter arrived at the Town Office on the day after the Biennial Election. Work shops will be necessary in order to fully understand the implications of this legislation. In its simplest form, it appears that federally insured monies cannot be used on flood plain areas in towns which do not have a zoning ordinance. At present, this means that our town's main industrial area and some residences could neither expand nor rebuild after a disaster if they required federally insured monies to do so.

The Planning Board wishes at this time to thank Mrs. Mary Lou Smith and Arthur A. Osborne for their years of service to the town, and to the Board. We welcome Laurence Lussier as a new member.

## **BEN MERE AREA 1974 Committee Report**

During 1974 the Committee continued its efforts to finalize all payments pledged due on the property. A letter request brought twenty affirmative responses of varying amounts. It is hoped to complete all payments within the next few months.

Eight park benches were donated by two interested people and were put in place for the enjoyment of all.

In keeping with the Article approved at the last Town Meeting a 20-car macadamized parking lot was constructed on the Burkehaven Hill of the property and this will be lined and ready for use this coming summer.

Presently the Committee is working with a landscape architect, whose services are being donated by a committee member, to formulate a master plan of beautification and use of the area. This plan to be approved by the Committee and to be constructed on a volunteer basis.

Respectfully submitted,  
JOHN McGRATH, *Chairman*

## **SUNAPEE HISTORICAL SOCIETY 1973-1974**

The Sunapee Historical Society was organized on January 24, 1973 with six charter members present. Since that time the membership has grown to sixty-three regular and eight honorary members.

Several artifacts pertinent to the history of Sunapee have been acquired through purchase or donation, are cataloged, and in safe keeping. Realizing the need for a permanent museum and meeting house location, the open land at Dewey Woods was suggested. Presently the Selectmen and members of various committees are working with the Society for the Protection of New Hampshire Forests to establish the ten acre tract opposite the Country Store as a Historical Park. When this is accomplished, buildings pertinent to the history of Sunapee will be acquired and preserved at that location.

At the January 1975 meeting the Historical Society voted to act as coordinator for the Bicentennial '76 celebration and are presently working on a tentative schedule of events, leaning to activities based on our forefathers needs and accomplishments.

There are many aspects of Sunapee's past that need to be researched and recorded, and the Historical Society welcomes each of you to join us in our effort to make this goal a reality.

## INFORMATION BOOTH

For our ten week 1974 season at the Information Booth we totaled 2,791 cars containing 10,232 passengers. This car number was less than previous year, possibly due to the cost of gas etc., but more passengers per car which meant our advertising for the area got to quite a few people.

The "Sunpee Experience", sponsored by the Sunapee Business Association, with buttons, contests and bumper stickers, created a bit of new interest and the "Sunapee Sun" weekly, given out free of charge, was very popular.

For the first time we were open on weekends, weather permitting, from September 6 thru October 13 with 198 cars and 493 people asking for general information. Our phone calls totaled 1,078.

For all the signs posted, we have lots of cars stopping to ask, "Where is Sunapee Harbor and the Lake?"

## SCHOOL WARRANT The State of New Hampshire

*To the Inhabitants of the School District of Sunapee qualified to vote in District affairs:*

You are hereby notified to meet at the School Gymnasium in said District on the 3rd day of March 1975 at 7:30 o'clock p.m. to act upon the Articles set forth in this Warrant not covering the election of District Officers. Said Officers will be acted upon at Town Meeting on the 4th day of March 1975 in said gymnasium with voting by official ballot and check lists and the polls will remain open for this purpose from 9 o'clock a.m. until 7 o'clock p.m.

ARTICLE 1. To choose a Moderator, Clerk, Treasurer, and two Auditors for the ensuing year, and to choose a Member of the School Board for the ensuing three years. (Article 1 will be acted upon at Town Meeting.)

ARTICLE 2. To hear the reports of Agents, Auditors, Committees or Officers chosen, and pass any vote relating thereto.

ARTICLE 3. To see if the District will vote to raise and appropriate the sum of \$700,376.84, as recommended by the School Board, for the support of schools, for the payment of salaries for School District Officials and Agents, and for the payment of statutory obligations of the District, and to authorize the application against said appropriation of available income estimated at \$50,690.00.

ARTICLE 4. To see if the District will vote to employ a Special Education-Learning Disabilities teacher at the elementary level and raise and appropriate the sum of \$10,000.00 to cover salary and retirement payments.

ARTICLE 5. To see if the District will vote to institute a Kindergarten and raise and appropriate the sum of \$10,149.00 for said purpose. (Inserted by petition.)

ARTICLE 6. To see if the District will vote to authorize any unencumbered balance accruing June 30, 1975 in excess of \$3,000.00 be placed in a Capital Reserve Fund to be used toward future school transportation needs.

ARTICLE 7. To see if the District will authorize the School Board to expend interest received from re-investment on the Junior-Senior High School project.

ARTICLE 8. To transact any other business that may legally come before this meeting.

*Given under our hands this 5th day of February, nineteen hundred and seventy-five.*

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Citizens of Sunapee:

The enrollment for the school year 1974-75 is 407 divided as follows:

Elementary (Grade 1-6)	197
Junior High (Grade 7-8)	80
Senior High (Grade 9-12)	130

### School Plant

Construction of the New Junior-Senior High School has highlighted the school year. Delays in receiving several basic construction items made it necessary to postpone occupancy of the building in September. This caused very crowded conditions in the Central School until it was possible to move Grades 7-12 to the new plant on October 25, 1974. Much credit for the patience, understanding and perseverance of the entire staff is due. They have been most cooperative and appreciative throughout. I consider them a fine, professional group.

### Junior-Senior High

The new plant will make possible some major curricula changes, by providing space to allow flexibility and reduce the time students spend in study halls. An unique offering at the high school level is provided by the "Special Interest Program" that was initiated by Staff-Student development and is geared to community involvement.

### Elementary Grades

Occupancy of the Central School by Grades 1-6 only, has made it possible to take steps toward improving the offering. One additional position was added, thereby providing eight teachers for six grades. Two sections involve pupils at more than one grade level. The aim has been to fit a proper program to the individual and to permit a better teaching-learning situation. Preliminary reports indicate that the changes have been an improvement.

Concern and study by the teachers has shown a real need for certain students to have the services of a specially trained Learning Disabilities teacher. A Special Article in the Warrant will ask for this position. By taking action now, some elementary students would get a better foundation which should cut down on educational failures at the high school level in later years.

### Kindergarten

An article in the Warrant that came to the School Board by petition calls for establishing a kindergarten. Such training for five-year olds contributes to their readiness for School and assists in providing a positive start. A number of N.H. communities are now supporting kindergartens.

## Conclusion

Sunapee has completed a major changeover in its school facilities. After many years of a Grade 1-12 building set-up, the new plant makes possible:

Elementary Grades (1-6) . . . . . Central School  
Secondary Grades (7-12) Junior-Senior High-School

Your support of a new school plant indicates your faith in Sunapee and its young people. You have provided the Way — it is now the job of staff and students to make proper use of the facilities and produce. I am confident this will be done.

Respectfully submitted,  
GORDON B. FLINT  
*Superintendent of Schools*

## REPORT OF CAREER EDUCATION DIRECTOR

The developmental Career Education program in Supervisory Union 43 is based on the assumption that the infusion of it's concepts into the curriculum from grade one through grade twelve, while the students are in the mainstream of education, can help them achieve the following goals:

1. A positive self-image
2. Acceptance of responsibility for one's own behavior and decisions
3. Ability to make decisions using techniques of problem-solving
4. Ability to get along with people
5. Possession of knowledge about and understanding of the ever changing world of work, along with the skills and know-how to get and hold a job.

The developmental Career Education program in our schools is being designed to provide a continual and sequential plan of career awareness, career exploration and career preparation from grade one through twelve.

"Career Awareness", begun in the school year 1973-1974, involved over fifty-five teachers in the elementary grades of the union. It's primary goal was to develop the means, with the existing curriculum, for focusing on activities which would help the student understand himself, relate to others, and develop appropriate attitudes toward the world of work and himself. This program is being continued and expanded during this school year.

"Career Exploration" in the junior high school, is an extension of the "Awareness" component, with the intention of allowing teachers and counselors to utilize new and existing testing programs and classroom activities in order to provide opportunities for students to explore various "career clusters" which relate to their indicated interests and aptitudes. One of the

outcomes of this approach would be that the students will be better able to make judgements concerning the direction they could take in high school to better prepare for a successful adult life. Concurrently, activities would be provided to expand the self perception and decision making skills begun in the elementary grades. This component is being developed during this school year.

While the main thrust of the high school component will be instituted during the school year 1975-1976, several teachers, with the guidance counselor are participating due to a recognized need for lending reality and a sense of purpose to education for all students. As well as individual efforts, Sunapee High School is participating, along with Kearsarge Regional High School and Newport High School, in a project funded by the New Hampshire Council on Economic Education, *World of Work - Economic Education*. This is the first time the council has aligned itself with a school system, and we feel it is an indication of their support for our program.

Through the auspices of the program, teachers have been placed in workshops at the University of New Hampshire, and a graduate level course in Career Development Education has been held locally. The State Department of Education has recognized our program here as one of the most ambitious in the state, as well as one of the most successful.

I am sincerely indebted to the many teachers, administrators, counselors, parents, community members, groups and businesses throughout the union who have extended their understanding and support of these efforts. Making the school experience a meaningful and significant process of learning about all phases of life is certainly a worthwhile goal, and I look forward to it's continuing success.

Respectfully submitted,

The following students are eligible for membership in the Honor Society for the school year 1974-75: Darlene Abbott, Daniel Fitzpatrick, Dana Hargbol, Jeffrey Hendricks, Kimberly Libsch, Leslie Powers, Van Webb, Deborah Carroll, Christine Fortier, Debbie Mathiesen, Gail Smith, Mark Weaver, Faith Webb, Paul Appleby, Donna Ashford, Marla Binzel, Christopher Ellis, Kristen Engelstad, Cindy Nicholas, Joanne Nutting, Gifford Swanson and Candy Winn.

May I commend the excellent cooperation that I have received from both the elementary and secondary staffs during this year of transition from one to two schools. The necessity for moving during the school year added to the difficulties but I am pleased to report that improved programs which should benefit Sunapee's students are now in operation in both schools.

I urge the interested citizens of Sunapee to visit their schools and see them in operation. I'm sure that they will be pleased with the improved education that we are now in a position to offer as a result of the building program.

Respectfully,  
DAVID W. SHERBURNE, Principal
